Dear Sir/Madam.

ACKNOWLEDGEMENT - FREE PLAY PUMP

I write to acknowledge the receipt of free play pump at this school.

This infrastructure has improved the problem of shortage of water during school-break time secondly it is assisting those learners of lower classes to use the water played by their elder friends. But also it has improved the outlook of our school (beautification)

A vote of thanks for still visiting our school to monitor the pump and thinking of providing us with other materials apart from the free-play pump.

Yours,
S. F. GRANT
DEPUTY HEADTEACHER
(for the Headteacher)
