Dear Madam

### THE LETTER FOR APPRECIATION

I write this letter to appreciate to you for bringing the marry go round to our school and that means a lot to us.

The marry go round is of good treasure to us. We play on it and at the same time it provide us with water for drinking, watering our flower gardens and vegetable gardens that help us to add vitamins and minerals in our nutrition. The nature that is watered by the Marrygo round help the insects like butterfly, bees and also give us different sounds that help us to love nature.

With all the things that I have said above I want to show that I really appreciate what you have done.

Yours sincerely

Mantshintshi Nakiwanda (Miss) Gr.5
